I agree to pay for any medical services I receive from the doctors of this practice that my insurance company refuses to pay. I further agree and understand that this office can only code and file a claim for my visit (s) with the diagnosis that was encountered and documented in my medical records at the time of the visit. To ask this office to change a diagnosis for the purpose of securing reimbursement from my insurance carrier is against our office policy, inappropriate and may result in a fraudulent act.
